

RES Denim by Bradmill.

Established 1927 in Melbourne, Australia. Bradmill is a supplier of premium denim garments and a major developer of high quality denim.

Our longevity can be attributed to continued innovation along with denim's unwavering popularity. We offer the latest in production technology, colour management techniques, reliability and our washes are second to none.

Here at Bradmill we have been blessed with the opportunity to collaborate with some truly inspiring national and international brands and designers, ranging from work wear companies to

high fashion labels.

Since 2012 Bradmill has focused this denim expertise on bringing you RES Denim.

RES Denim is the magic combination of on-trend styles, in wildly comfortable fits that are made from some of the finest denim known to humankind.

Inspired by the rogues, rockers, wanderers and gypsies of today and eras past, we create denim for all seasons and scenes. From the wilderness to the urban jungle and from the bush to the bar, RES Denim has got you covered.
